FESTIVAL OF LITERATURE AND ARTS - KELLS

27-30 June 2019

**Join the Friends of Hinterland and
support the festival at its roots.**

Our Festival needs Friends and Patrons help to make it happen.

Having taken the bold step to develop our own brand, Hinterland is very much Kells' unique festival and enjoyed and anticipated by the visitors who return each year. As in previous years, the festival will take place over the last full weekend in June (27-30) with an exciting and varied programme planned.

Kells has become a key stop on the literary map for some of Europe's and the world's greatest writers, historians, journalists and artists each Summer, and we believe that the benefits of hosting such a festival of the caliber of Hinterland can be seen in the pride and confidence which has been engendered in our community over recent years.

Without the backing of our Friends & Patrons, it would not be possible to stage Hinterland, and we are extremely grateful that the support has been there each year allowing the festival go ahead.

As well as the warm good feelings that come from the knowledge that your support ensures the continuance of the Festival, membership comes with benefits. Here are the details on what you can expect as a Hinterland Friend or Patron.
